Bar Aluminum Extrusion

We at Hentec are a bar aluminum extrusion manufacturer, located in China. Through over 10 years of consistent efforts, we have been awarded the ISO 9001:2000 and ISO 14000 certificates. In order to satisfy your different requirements, we offer you aluminum extrusions in various shapes, including round tube, bar, square tube, channel, etc.

The product shown in the picture is our bar aluminum extrusion, which is manufactured by 660~4000 Ton extrusion equipment from Germany. Our aluminum bars are of high strength, great corrosion resistance, and are available in various specifications (width: 6mm to 80mm, thickness: 2mm to 20mm). As a result, they are widely used in many fields.

Aluminium alloy:6063-T5,6063-T6,6061-T6,6005-T5 etc.

Surface treatment: mill finish, anodizing, electrophoresis, powder coating etc.

Extrusion equipment: 660~4000Ton

Specifications of Bar Aluminum Extrusion

NAME	A(mm)	T(mm)	EST.WEIGHT(kg/m)
