In order to ensure our product quality and increase our annual production, we make large investment in our equipment, including 25 aluminum extrusion lines, 3 powder spray coating lines and 1 fluorocarbon coating line from Germany and Taiwan. Hence, we can produce 800,000 tons of aluminum profiles every year, which enables us to ship customers their orders promptly.

We at Hentec provide a 15-year warranty on our aluminum solar panel frame, a 10-year warranty on our aluminum extrusions and profiles. So customers can feel secure in their purchase.

Today, our aluminium profiles and aluminium extrusions are used extensively in many countries worldwide, such as the USA, Canada, Russia, France, Germany, Dubai, South Africa, Argentina, Brazil, Vietnam, and so on.

If you are in need of our products, please contact us. Our staff will be ready and waiting to help you.
